

Case study 411

University In Need Of Cooling

One of the largest Universities in London was in need of cooling for their classrooms and lecture halls. Exam week is a stressful period and when the university contacted Andrews Sykes we immediately set out to help the 50 students that were due to sit each exam.

It's crucial to maintain a comfortable temperature to ensure that students feel relaxed and calm when sitting their exams. Andrews Air Conditioning Hire provided five Polar Wind units which were delivered and installed within a three hour timeframe. The units were placed strategically throughout the hall to ensure a cool ambient throughout. The Polar Wind is one of our most popular portable Air conditioners. The unit has a fully automatic thermostat and a remote control, it's totally portable and can be positioned to direct a welcome breeze of cool air anywhere in a room.

The Client was very happy with the outcome and content with being able to control the temperature within the room. The students were very pleased as well, they had stated that previously the temperature was unbearable, and now it was just right.

Nominal cooling duty 4.1 kW
Weight 45 kg
Air flow (max) 360 m³/h
Dimension 400 x 480 x 840 mm
Power supply 230 V 1 ph 50 Hz Run 9 A
Control Remote with automatic thermostat
Noise level (max) 56 dBA @ 1 metre
Average power consumption 1.8 kW/hr
Exhaust duct 2 metres x 127 mm diameter
